Dear Dr. Biggs:

This letter is to inform you that the decision has been made not to offer you a new contract for the upcoming fiscal year 2014-2015.

Your current contract expires on May 19, 2014, and therefore, your last official day of employment with the College will be May 19, 2014.

We thank you for your service and wish you well in your future endeavors.

Respectfully,

Anthony Sena, Ph.D.
Provost & Vice-President for Academic Affairs
Professor, Program in Biology

NORTHERN New Mexico College

FACULTY CONTRACT - TERM POSITION

(This position is a term position that is funded by a grant at a rate greater than 50% of the total salary)

Northern New Mexico College hereby employs James Biggs
for the position of Assistant Professor / Coordinator
for the 2013-14 academic year or a portion thereof. This contract is a 9 month contract
beginning on August 12, 2013 and ending on May 19, 2014.

The base salary for this position is \$ 50,500.00 and shall be paid on a pro-rated basis through the end of the contract, or upon cancelation as otherwise provided in this agreement.

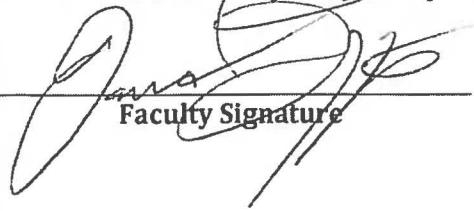

In accordance with the Statutes of the State of New Mexico and the Regulations of the Board of Regents as set forth in the Faculty Handbook, the recipient of this contract is hereby appointed to faculty position outlined above.

This agreement cancels all other existing agreements for the period and services covered, and acceptance of this contract is indicated by the signature of the recipient. This contract may be cancelled by the Board of Regents for cause as outlined in the current Faculty Handbook. In addition, this contract may be cancelled if (a) a condition exists in which Northern New Mexico College suffers insufficient funding by lack of sufficient appropriation of funds by either the local, state or federal government; (b) there is a reduction in personnel as required as a result of decreased enrollment or other revision of educational programs; (c) the grant funding associated with its salary become unavailable; and/or (d) the program in which the recipient is employed ceases.

This contract requires the recipient to adhere to (a) the duties defined in the approved job description; (b) the Faculty Responsibilities and Duties as set forth in the current Faculty Handbook; and (c) all Board of Regents and institutional policies, procedures and administrative directives, in effect or adopted hereafter. In order to make this contract binding, the faculty member must sign all required policy acknowledgments and other designated documents required by the College. If the faculty member refuses to sign required acknowledgement documents or if the faculty member in any way attempts to modify this contract form, the College will treat such actions as a rejection of the contract offer, and the College will then have the ability to offer the position to other candidates.

The Faculty Handbook may be revised during the term of this contract in accordance with the terms of the Handbook Revision Policy. If the Handbook is so revised, this contract is automatically amended to include all changes made in said revision, effective the date of the revision.

I understand that no other communication by any representative of the College may in any way modify this contract, either expressly or impliedly.

FACULTY NOTICE OF EMPLOYMENT 2013-2014

May 17, 2013

Dr. James Biggs
6 Makena Lane
Santa Fe, NM 87506

Dear Dr. Biggs:

I am pleased to inform you that you are hereby being re-employed as a faculty member at Northern New Mexico College (Northern) for the 2013-2014 academic year.

Please respond by return email to desirae.montoya@nnmc.edu by no later than Friday, May 24, 2013, that you are **accepting OR not accepting** employment with Northern for the 2013-2014 academic year. Once we receive your acceptance notification we will notify you when your 2013-2014 employment contract is available for your signature.

Thank you for your service and dedication. If you have questions, please contact me or any HR Staff at 505-747-5483.

Sincerely,

Bernie E. Padilla, SPHR
Director of Human Resources

NORTHERN NEW MEXICO COLLEGE Staff Contract

Northern New Mexico College hereby employs James Biggs for the position of Assistant Professor/ Director for the 2012-2013 academic year, or portion thereof, beginning on August 1, 2012, and ending June 30, 2013, at an annual salary of \$56,002.00 to be paid in 24 installments, beginning on August 20, 2012 and a Director Stipend of \$2,100.00.

This agreement cancels all other existing agreements for the period and services covered, and acceptance of this contract is indicated by the signature of the recipient. This contract may be cancelled by the Board of Regents for cause as outlined in the current Staff Handbook. In addition, this contract may be cancelled if (a) a condition exists in which Northern New Mexico College suffers insufficient funding by lack of sufficient appropriation of funds by either the state or federal government; (b) there is a reduction in personnel as required as a result of decreased enrollment or other revision of educational programs; and/or (c) the program in which the recipient is employed ceases. Furthermore, the College may, in its sole discretion, modify your duties and/or assignments including reassigning or transferring you to another position within Northern New Mexico College.

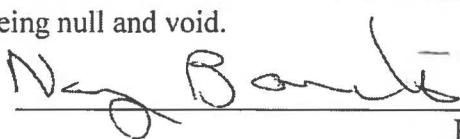

This contract requires the recipient to adhere to (a) the duties defined in the approved job description; (b) all staff responsibilities and duties as set forth in the current Staff Handbook; and (c) all Board of Regents and institutional policies, procedures and administrative directives, in effect or adopted hereafter.

The Staff Handbook may be revised during the term of this contract. If the Handbook is so revised, this contract is automatically amended to include all changes made in said revision, effective the date of the revision.

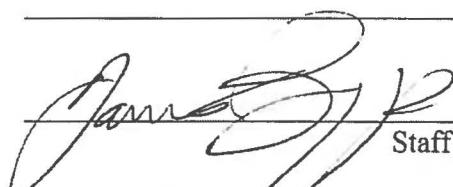

I understand that no other communication by any representative of the College may in any way modify this contract, either expressly or impliedly.

All new employees shall serve a probationary period for the initial six (6) months after initial employment. During or at the end of the probationary period or any extension thereof, the employment of a probation staff member is "at-will" and such employment may be terminated by the President for any reason or for no reason at all.

If accepted, this contract must be signed and received in the Office of Human Resources no later than August 27, 2012. Failure to comply with this requirement may result in being null and void.

Hello,

Attached is James Biggs' PAR. I filled out as much as I could but there are still some slots that need to be filled.

Ulises

James Biggs <jbiggs@nnmc.edu>
To: Ulises Rico <uricoy@nnmc.edu>
Cc: HR PAR <PAR@nnmc.edu>

Thu, Aug 16, 2012 at 9:52 AM

Ulises — Why is a PAR being filled out for me? I signed my contract some time ago and unless everything was incorrect, we should not be going through this again. If we are, I need to see the exact amounts of pay including base salary, director stipend, etc. Please clarify.

Thanks,
James

FACULTY:

In accordance with the Statutes of the State of New Mexico and the Regulations of the Board of Regents as set forth in the Faculty Handbook, the bearer of this contract is hereby appointed to faculty position outlined on the reverse side of this form.

This agreement cancels all other existing agreements for the period and services covered and acceptance of this contract is indicated by the signature of the bearer. This contract may be cancelled by the Board of Regents for cause not personal to the instructor, such as:

- a. Lack of funding by virtue of insufficient legislative appropriation or other authorization made by the state or federal government.
- b. Reduction in personnel required as a result of decreased enrollment or other revision of educational programs, but this action will be undertaken only by action described in the Faculty Handbook.

NORTHERN NEW MEXICO COLLEGE Staff Contract

Northern New Mexico College hereby employs James Biggs for the position of Veteran's Green Jobs Coordinator TEMP for the fiscal year, or portion thereof, beginning on July 1, 2010 and ending December 31, 2010 at an annual salary of \$18,000 to be paid in 12 installments, beginning on July 20, 2010.

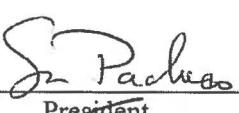

This contract requires adherence to the duties defined in the approved job description, and to all Board of Regents and institutional policies, procedures and administrative directives, in effect or adopted hereafter.

Termination of this contract by the College will be in accordance with the regulations and policies of the approved Staff Handbook. This contract may also be cancelled if a condition exists in which Northern New Mexico College suffers insufficient funding by lack of sufficient appropriation of funds by either the state or federal government. Contract may also be cancelled upon ceasing of the program in which the bearer is employed, or, for causes outlined in the Staff Handbook.

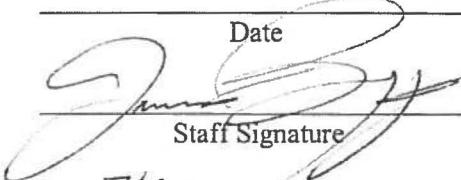

If accepted this contract must be signed and received in the Office of Human Resources within 15 days of the date of signature of the President. Failure to comply with this requirement will result in the automatic termination of this offer.

All new employees, except for temporaries hired into a permanent position shall serve a probationary period for the initial six (6) months after initial employment. During or at the end of the probationary period or any extension thereof, the employment of a probationary staff member is "at-will" and such employment may be terminated by the President for any reason that he or she deems sufficient. (Refer to Part IV(B)(1) and (C)(1)(II) of the Staff Handbook.)

CURRICULUM VITAE

EDUCATION

New Mexico State University, Las Cruces, N.M.

Doctor of Philosophy (Ph.D.) in Range Science (2007)

Dissertation Topic: Patch use dynamics of Rocky Mountain Elk following the Cerro Grande Fire

Advisors: Dr. Jerry Holechek and Dr. Raul Valdez

New Mexico State University, Las Cruces, N.M.

Master of Science (M.S.) in Wildlife Science, (1988)

Thesis Topic: Re-introduction of the Mexican Wolf into New Mexico: An attitude survey.

New Mexico State University, Las Cruces, N.M.

Bachelor of Science (B.S.) in Wildlife Science, Range Science option, Biology minor, Option in Range Science, Minor in Biology (1986)

EMPLOYMENT HISTORY

Work Experience

Technical Staff Member 1991-2008; Guest Scientist 2008

Los Alamos National Laboratory, Los Alamos, New Mexico

- Assisted in wildlife-related research and monitoring projects on federal properties, primarily related to large herbivores and predators. Included development of natural resource management plans; design and implementation of sampling and monitoring approaches for wildlife and vegetation; collection, analyses, and interpretation of wildlife distribution, population, movement, and resource use data; and compilation of regional large herbivore and predator data collected by federal agencies.
- Project leader and liaison on multi-jurisdictional natural resource management-related projects involving Native American pueblos, US Forest Service, US Park Service, NM Environment Dept., NM Game and Fish Dept., Valles Caldera National Preserve, and universities; also acted in supervisory capacity in field related activities.

- Participated on regional committee developing long-term management goals and strategies for the management of natural resources in Jemez Mountains; committee membership included representatives from federal and state agencies, Native American pueblos, environmental and sportsmen's organizations, private landowners, cattle growers, and area business owners.
- Designed and implemented studies related to natural resources including wildlife, vegetation, sensitive habitats; collected, analyzed, and interpreted data on population trends, food habits, and resource use for application in short and long term management programs; prepared written reports and manuscripts for submission to peer-reviewed journals.
- Project coordinator for development and implementation of LANL wildlife management plan with emphasis on species of cultural, social, and economic significance. Interacted with state and federal agencies and Pueblo's to identify species of concern.
- Developed sampling designs and performed data collection activities for monitoring radionuclide uptake by biota at waste disposal sites; prepared written reports to be included in public information documents.
- Assisted in preparation of federal grant proposals and Laboratory proposals, including budget analyses.
- Project leader for long-term research study associated with blood-borne pathogens funded by the National Institute of Health; project leader for Laboratory funded research study to evaluate use of advanced wildlife radio telemetry systems; project leader for wildlife genetics research effort.
- Member of the Environmental Management System core team. Assisted in development of EMS tools used in support of the Laboratory's EMS, including the EMS database, Toolkit, website, educational materials, presentations, etc. Assisted in deploying and managing the EMS database with specific Directorate points-of-contact and worked with POCs on their action plan close-outs and development of new action plans. Developed EMS Environmental Awareness Training course in coordination with LANL training specialists. Assisted in development of internal EMS audit system in cooperation with Contract Assurance Office. Developed procedure for identification of environmental aspects and impacts of LANL operations.
- Acted as liaison between Sandia N.L. and Los Alamos N.L. in the development of biological resource evaluations for SNL; assisted SNL in development of program proposals for long-term biological monitoring program.
- Prepared multiple biological assessments and reports for proposed LANL projects (gaslines, facilities, roads, etc.). Included performing field work and impact analyses to biological resources
- Presented research/monitoring study results at national, regional, and local peer conferences. Prepared and presented monitoring results of contaminants and wildlife studies to public scoping

meetings, area Native American pueblos, conservation groups, and educational facilities (i.e.. Universities, high schools, elementary schools).

Biologist 1989 to 1991
Chambers Group Inc., Albuquerque, New Mexico

- Conducted biological field investigations for proposed projects to identify flora, fauna, and sensitive habitat and evaluate impacts and develop proper mitigation. Designed and conducted surveys for state and federally listed Threatened, Endangered, and Sensitive flora and fauna. Prepared biological assessments.
- Assessed ecological impacts to riparian zones from stream flow alterations and developed habitat restoration and revegetation plans along federally controlled waterways.
- Collected vegetation data on species composition, herbaceous measurements, and canopy cover and developed species habitat and vegetation community maps.

Biologist 1988 to 1990 (part-time)
New Mexico State University/Navajo Tribal Utility Authority, Fort Defiance, Arizona

- Conducted surveys for Threatened, Endangered, and Sensitive flora and fauna potentially occurring along proposed power line routes. Evaluated overall habitat for value to existing flora and fauna and prepare written documentation for tribal authorities.

Academic/Teaching Experience

Undergraduate student project leader

Student: Eric Quinta,

Project Title: The Evaluation of techniques for the collection and use of scat and hair for noninvasive genetic analysis of free-ranging carnivores (2001-2002)

Participated on M.S. graduate student committee, Department of Animal and Range Sciences, New Mexico State University (2003)

Student: Leonard Sandoval

Thesis topic: A comparison of elk and mule deer diets at the Los Alamos National Laboratory, north-central New Mexico

Project leader for M.S. graduate student, Biology Department, New Mexico State University (2003)

Student: Heather Alexander

Dissertation topic: Black bear ecology following wildfire

Participated on Ph.D. graduate student committee, Department of Range, Wildlife, and Fisheries Management, Texas Tech University (2005)

Student: Susan Rupp

Dissertation topic: Ecological impacts of the Cerro Grande Fire: predicting elk movement and distribution through simulation modeling

Los Alamos National Laboratory – taught class on hantavirus and plague (12 classes from 1995-1997)

Los Alamos National Laboratory – taught wildlife ecology class (35-40 classes with 1000-1200 participants from 1996-2006)

Teaching Assistant for ornithology laboratory, Department of Fisheries and Wildlife Science, New Mexico State University (1988)

Research and Project Management Experience

Project Leader: Small mammal contaminant studies on the Los Alamos National Laboratory (~43 sq miles). Project duration was 5 years (1991-1995) and included 4-8 personnel. Included baseline population studies, impact analyses, species distribution and composition evaluations, and habitat-species evaluations. Managed personnel assignments and field work, sample processing, equipment purchases, data analyses and document preparation, budget (~\$250,000), and other elements of project implementation.

Project Leader: Ecological studies of Sin Nombre hantavirus in the Southwest U.S. Project duration was 5 years (1994-1998) and included 6-10 personnel. Managed personnel assignments, field work, laboratory analyses, data analyses and document preparation, and budget (~\$400,000).

Project Leader: Technology Development, Evaluation, and Application studies (Los Alamos National Laboratory) of large ungulate distribution and movements patterns and non-invasive genetic techniques for evaluating large carnivore response to wildfire. Study duration was 5 years (1996-1998 and 2001-2003) and included 5-8 personnel. Managed personnel assignments and field work related to sample collection, sample processing, data analyses and document preparation related to project management, budget (~\$270,000), and acted as liaison with university collaborators.

Project Leader: Multiple studies (8-10) related to implementation of biological resources management plan for Los Alamos National Laboratory. Project duration was 5 years (1998-2003) and included 12-20 personnel. Studies included large ungulate habitat evaluations, ungulate-vehicle collision analysis, cultural resource site-ungulate impacts, and black bear and mountain lion population evaluations. Oversaw outreach and public education efforts related to studies and interaction with 3 universities, 4 federal and state natural resources agencies, and 4 Native American pueblos. Managed personnel assignments and field work related to sample

collection, sample processing, equipment purchases, data analyses and document preparation, budget (~\$300,000), and other elements of project implementation.

Project Leader: Cerro Grande Fire, Jemez Mountains, New Mexico vegetation and wildlife studies (4-6 separate studies). Project duration was 5 years (2001-2005) and included 4-8 personnel. Included evaluation of large herbivore impacts on regenerating vegetation and multi-scale elk-habitat associations following wildfire. Managed personnel assignments and field work, vegetation sample processing, equipment purchases, data analyses, budget (~\$300,000), and interaction with university, federal, and state agency collaborators related to work-for-others agreement, MOUs, and Participating Agreements.

PROFESSIONAL AFFILIATIONS/CERTIFICATIONS

- President of The Wildlife Society/New Mexico Chapter (2000); included coordinating and leading the planning of the annual regional professional meeting (550 attendees).
- The Wildlife Society
- The Wildlife Society/NM Chapter
- Certified Wildlife Biologist (TWS certification)

OUTREACH

Invited Guest Speaker: Guest Scientist Seminar Series-University of Kentucky Department of Forestry (1997)

Title: GPS radio collar studies of elk

Invited Guest Speaker: New Mexico State University Department of Animal and Range Sciences (1999)

Title: Large game studies at LANL

Invited Guest Speaker: Santa Clara Pueblo (1999)

Title: A large game management plan for Los Alamos National Laboratory

Invited Guest Speaker: New Mexico Highlands University (2000)

Title: Large ungulate studies in Jemez Mountains, north-central New Mexico

Presented at the 5th Annual Youth Conference on the Environment, Albuquerque, New Mexico (2001)

Presentation to the Santa Clara Pueblo governor and environmental department on wildlife studies on Los Alamos National Laboratory and surrounding lands (1998)

Assisted in developing curriculum in association with The Wildlife Center, Espanola, New Mexico for grades K-6 (2004)

Participated in Northern Pueblo Agencies Conference on the Environment. Espanola, New Mexico (1999)

Assisted Santa Clara Pueblo, Tesuque Pueblo, and Cochiti Pueblo (New Mexico) with field studies and advanced technology (GPS collars) to monitor game species

PRESENTATIONS

Meeting Title: Hazardous Substance Research Center/Waste Management Education and Research Consortium (WERC), Albuquerque, New Mexico (1996)

Presentation Title: Radionuclide contaminant analysis of rodents at a waste burial site, Los Alamos National Laboratory

Authors: J.R. Biggs, K.D. Bennett, and P.R. Fresquez

Meeting Title: A Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (1996)

Presentation Title: Estimation of Home Ranges and Water Use of Elk at Los Alamos National Laboratory

Authors: J. Biggs, K. Bennett, and P. Fresquez

Meeting Title: 2nd Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (1997)

Presentation Title: Application of GPS radio collars to elk studies at the Los Alamos National Laboratory

Authors: J. Biggs, K. Bennett, and P. Fresquez

Meeting Title: 2nd A Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (1997)

Presentation Title: Movements, disease analysis, and tritium concentrations of Rocky Mountain elk of the Pajarito Plateau

Authors: J. Biggs, K. Bennett, P. Fresquez, and R. Robinson

Meeting Title: 3rd Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (1998)

Presentation Title: Movements and activity patterns of Rocky Mountain elk at the Los Alamos National Laboratory

Authors: J. Biggs, K. Bennett, and P. Fresquez

Meeting Title: 4th Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (1999)

Presentation Title: Relationship of Ecological Variables to Sin Nombre Virus Antibody Seroprevalence in Deer Mouse Populations

Authors: J. Biggs, K. Bennett, M. Mullen, T. Haarmann, M. Salisbury, R. Robinson, D. Keller, N. Torrez-Martinez, and B. Hjelle

Meeting Title: 4th Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (1999)

Presentation Title: Development and Application of a habitat suitability ranking model for the New Mexico meadow jumping (*Zapus hudsonius luteus*)

Authors: J. Biggs, M. Mullen, and K. Bennett

Meeting Title: 5th Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (2000)

Presentation Title: A motorist advanced warning system for large animals in roadways

Authors: J. Biggs, S.R. Frybarger, L.M. Hansen, and C. Bare

Meeting Title: 8th Symposium of Biological Research in the Jemez Mountains, New Mexico-Santa Fe, N.M. (2004)

Presentation Title: Evaluating the effects of large ungulate herbivory on plant community structure and development in the Cerro Grande Fire burn area, east Jemez Mountains, New Mexico

Authors: J. Biggs

Meeting Title: New Mexico Environmental Health Conference (2000)

Presentation Title: The use of GPS collars deployed on wildlife

Authors: J.R. Biggs

Meeting Title: New Mexico Environmental Health Conference (2000)

Presentation Title: Factors associated with the spread of hantavirus

Authors: J.R. Biggs

Meeting Title: The Wildlife Society 4th Annual Meeting, Snowmass, Colorado (1997)

Workshop on global positioning systems in wildlife stewardship

Authors: K.D. Bennett and J.R. Biggs

Meeting Title: The Wildlife Society 4th Annual Meeting, Snowmass, Colorado (1997),

Presentation Title: Evaluation of habitat use by Rocky Mountain elk in north-central New Mexico

Authors: J.R. Biggs, K.D. Bennett, and P.R. Fresquez

Meeting Title: The Wildlife Society 5th Annual Meeting, Buffalo, New York (1998)

Presentation Title: Estimating observation rate biases of global positioning system collars deployed on elk

Authors: J. Biggs, K. Bennett, and P.R. Fresquez

Meeting Title: The Wildlife Society 6th Annual Meeting, Austin, Texas (1999)

Presentation Title: Resource Use and Activity Patterns of Rocky Mountain Elk at the Los Alamos National Laboratory

Authors: J. Biggs, K. Bennett, and P. Fresquez

Meeting Title: The Wildlife Society 7th Annual Conference, Nashville, Tennessee (2000)

Presentation Title: Analysis of animal-related accidents at Los Alamos National Laboratory

Authors: J.R. Biggs, S.R. Sherwood, L.A. Hansen, and C.M. Bare

Meeting Title: The Wildlife Society 8th Annual Meeting, Reno, Nevada (2001)

Presentation Title: Development and implementation of a wildlife management plan for the Los Alamos National Laboratory

Authors: J. Biggs, C. Bare, S. Frybarger, L. Hansen, C. Nathanson, and S. Rupp

Meeting Title: The Wildlife Society 9th Annual Conference, (2002)

Presentation Title: Integrating GPS radiocollar data and the GIS to assess habitat use and movement patterns of Rocky Mountain elk

Authors: J.R. Biggs, K.D. Bennett, S.P. Rupp, L.A. Hansen, S.R. Sherwood, and C.M. Bare

Meeting Title: The Wildlife Society 10th Annual Conference, Burlington, Vermont (2003)

Presentation Title: Workshop on monitoring wildlife with GPS collars

Author: J. Biggs

Meeting Title: The Wildlife Society 13th Annual Meeting, Anchorage, Alaska (2006)

Presentation Title: Habitat use patterns of elk following wildlife in a montane ecosystem

Authors: J. Biggs

GRANTS/RESEARCH PROGRAM FUNDING

National Institutes of Health grant in collaboration with University of New Mexico

Ecological studies of Sin Nombre hantavirus

Principal Investigators: JR Biggs, KD Bennett, N Torrez-Martinez, and B Hjelle

Total Funding: \$400,000

Technology Development, Evaluation, and Application program-Los Alamos National Laboratory

Seasonal movements, activity patterns, and radionuclide concentrations of elk inhabiting the Pajarito Plateau

Principal Investigators: JR Biggs, KD Bennett, and PR Fresquez

Total Funding: \$210,000 (1996-1998)

Technology Development, Evaluation, and Application program-Los Alamos National Laboratory

Developing genetic analysis capabilities as a tool to manage large carnivore species at LANL in response to the Cerro Grande Fire and associated impacts

Principal Investigators: JR Biggs, JL Longmire, HA Alexander, L Hansen

Total Funding: \$60,000 (2001-2002)

Work-for-Others Contract/U.S. Forest Service: included Participating Agreements between Los Alamos National Laboratory, Bandelier National Monument (NPS), and NM Department of Game and Fish

Large herbivore vegetation impact study in the Cerro Grande Fire burn area and evaluation of elk movement and distribution in relation to the Cerro Grande Fire

Principal Investigators: JR Biggs, M Orr, S Fettig, S Rupp

Total Funding (including matching funds): \$250,000 (2001-2006)

AWARDS and HONORS

- Los Alamos Achievement Award – ESH Division Review Committee, April 2000
- Outstanding Presentation – ESH Division Review Committee, April 2000
- Certificate of Appreciation – SYETP (Summer Youth Employment Training Program)
- Los Alamos Achievement Award – T/E Habitat Management Plan
- Los Alamos National Laboratory Certificate of Appreciation – In support of the Laboratory's American Indian activities, initiatives, and outreach to Indian Tribes, Organizations, and Communities
- Certificate of Appreciation – The American Indian Community and Science Education Partnership (AICSEP)
- LANL Award – Outstanding Mentor

ADDITIONAL SKILLS and QUALIFICATIONS

- Environmental Management Systems training – design, implementation, internal auditing
- Stream and lake electro-shocking of fish and data recording
- Statistical Analysis System (SAS), Excel, Microsoft Word for Windows, Harvard Graphics
- Wildlife population analyses programs
- Large and medium size mammal field censusing techniques
- Large mammal radio-collaring and tracking using advanced techniques (GPS, remote downloadables, etc.)
- Bird trapping and banding
- Trapping and preservation of birds and small mammals
- Wildlife food habits analysis techniques
- Geographical Information System
- SCUBA certified
- Certified in CPR and Standard First Aid
- Radiation Worker Training II
- HAZWOPER-Hazardous Waste Operations and Emergency Response Training
- HAZWOPER for Supervisors
